The idiots there now want to charge for people to view older articles. Wayback Machine has completely blocked and censored access to older articles there.

Brian wanted me to find the old News article about his letter to the editor about Virgil Goode, then email you the PDF if I manage to be able to create one.

So it appears if Brian wants proof of his old "letter to the editor" news article at the Greensboro news and record, then he will have to pay. \$3 for one article and it should be printed out as evidence. You could also order the physical newspaper of that week and bring that into a Courtroom as physical evidence of Brian's political behavior before the raid.

August 18, 2012, was the date of the Letter to the Editor being published. Ten days before the police raid.

At least the proof is there. I heard he may have a lawyer now but won't give the details. If his new lawyer may be interested, the article is there for those willing to shelve out \$3.

Best Regards,  
Stanley
